

7/16/16

Dear Kiwanis Club of Olympia:

It was a mind blowing experience to have the opportunity to attend the Kiwanis Law Enforcement Youth Camp at the amazing State Patrol Academy in Shelton July 10th-16th, 2016.

Some of my favorite classes were "Swat", "Dive tank", and "Teen Driving". I also learned that being in the criminal justice career you need to really pay attention to detail.

I never before realized all the steps to getting into the field of law enforcement, also how many different paths you can take in this career choice. After watching my peers around the campus

01/01/15

and noticing their discipline, and seeing our counselors

and troopers and corporals and where they are now

I see that coming to this academy was a very

big step in my life, I now feel more motivated

now to stay in the right direction, don't get

distracted, get through college, and finally pursue

a career in the great field of Law Enforcement.

I'm thankful that these people are willing to risk

their lives every day to make sure that we, the people,

remain safe. I learned about many of the positions

within law enforcement and federal agencies, and now

have a far greater understanding of their duties.

Thank you for financially supporting me, and making

this experience possible.

Sincerely,

Seth Agu
